Thanks Friends of 116th District.

and Support Not Dimmed by Failure to be Elected.

Nagel, of Castroville, Tex., Representative in the election, and who lost by a narrow margin, but carried Medina County by a vote of the following:

Voters of the 116th District:

I wish to make this public acknowledgment of my deep appreciation of the people of the 116th district for their loyal support in the election, and to say to each of them that defeat in no way lessens my appreciation and adoration for every one who honored me with a vote.

The election some of my friends had suggested that I make a canvass of the district, and the result would have been different if this is the cause of my defeat, except the verdict of the people.

I especially express my appreciation and deep gratitude to the people of Medina County, for their vote of confidence they gave me. This complimentary vote by my home people is an honor of which I am proud.

A manifestation on the part of my neighbors and friends plucks from every sting and takes from disappointment every sorrow.

The successful candidate I extend my congratulations, and wish for his tenure of office for one year will be pleasant to him and to the people.

Home Talent Concert.

Home talent entertainment given Friday night by the Parent-Teachers Association was a success in every way and netted the club a neat sum. An introductory address was given by Superintendent Howell in which he stressed the good work accomplished by the "Mothers Club" and recommended the members for their zeal in connection with this organization, urging parents to become members of the Parent-Teachers Association. The program, as given in last week's Anvil Herald was then rendered. The numbers were all good but the O. P. R. A., a comic sketch, deserves special mention. On the whole, a pleasant and profitable evening was spent by all who were present enough to attend.

The \$800,000 Road Bonds.

When the eight hundred thousand are spent believe me, boy, we can get out and do some riding joy. The graveled high-way will be so fine that rain won't worry us, even inches.

Tourists will come through the county, oh my, what a great joy to see them run by. Fifty per will be the limit of speed, what greater joy? What more do we need?

The corn, of course, we do not haul on these high priced high-ways during the fall.

For the road, which is truly the farmer's road, and which he travels with a heavy load,

Is the one from his corn crib to the Rail-road, you know, and this one will get but a very small portion of the dough.

Now, the bad places in all the roads could be fixed very nice, Two hundred thousand dollars would more than cover the price.

The balance of six hundred thousand is entirely too much and will mostly benefit the tourists and sports.

So think twice before you vote for a tax of fifty cents, When a tax of ten or twelve is sufficient expense.

Schneider-Weiss.

A wedding of unusual interest took place Tuesday, Nov. 18, 1919, at the St. Louis Catholic Church, Castroville, when Miss Mary Weiss became the bride of Mr. Martin Schneider.

Promptly at 9:00 o'clock, the bridal party marched up the aisle to the beautiful wedding march rendered by the St. Louis choir.

First came Elizabeth Weiss, carrying a pretty bouquet of roses, chrysanthemums and ferns, with the groomsmen, Armin Schneider. Next came the maid of honor, Clara Schneider, also carrying a pretty bouquet of roses, chrysanthemums and ferns. Last came the bride carrying a beautiful bouquet of chrysanthemums and ferns, leaning on the arm of her father. They were met before the altar by the groom and best man, Emil Weiss, where the father had to give up his precious treasure.

Rev. Father Heckman performed the ceremony during the Nuptial High Mass.

After Rev. Father Heckman pronounced them man and wife, they repaired for the groom's home where a delicious wedding breakfast was served.

After breakfast the bridal party and invited guests boarded automobiles and vehicles for the bride's home, "Rock Crest," where the wedding dinner and supper was served. The table was not only artistically decorated but was loaded down with the best food obtainable.

The bride was lovely dressed in white silk georgette crepe, heavily embroidered. The groom was strikingly handsome in a suit of dark blue. The maid of honor wore a dress of crepe de chine, while the best man wore a fashionable suit of brown mixture. The bride's maid wore a dress of sheer voile trimmed with ruffles, and the groomsmen wore a suit of blue serge.

The groom is the only son of Joe Schneider who grew to manhood at Castroville. The bride is the charming daughter of Mr. and Mrs. Joe Weiss of Noonan.

A large array of exquisite and useful gifts testified to the high esteem in which the happy couple is held.

The happy young couple will make their home at Castroville, where they will be glad to receive their friends.

May their journey down life's pathway be one of unalloyed happiness.

Appreciation.

By this means I wish to express my sincere appreciation to the voters of Medina county, and particularly to my friends in Hondo for the loyal support accorded me in my recent race for representative from the 116th district in the state legislature. I wish to assure each and every one that I gratefully appreciate their kindness, and trust my course as their representative will meet with their approval should the legislature be called in session.

Sincerely yours,
G. C. MORRIS,
Representative 116th District.

You Can't Go to College?

BY FLETCHER DAVIS.

(In Southland Farmer, Nov. 1, 1919.)

Much has been said and written about the college boy's education. And he is entitled to it all. This is his one great opportunity, and we all have a word of advice and good cheer for the college boy. We all wish him God-speed as he goes away to the college of his choice. Perhaps father and mother and even brothers and sisters are making sacrifices they can ill-afford to make to give this boy his opportunity to have a college course. And how anxious we all are to see him do his duty and measure up to his splendid opportunity. The completest success any one can achieve is to measure up to his opportunity.

So the college boy is entitled to all the attention he receives; let no one envy him of what is his.

But how about the boy who can not go to college; the farmer boy who is forced by circumstances over which he has no control not only to forego a college career but must, perhaps, be content to leave his modest district school before it has had an opportunity to do for him all it is designed to do? Who has a word of encouragement for him?

Oh! He has been told over and over how Lincoln, the rail splitter, became the ruler over the destinies of a great people; how Grant, the wood-hauler, became the victorious leader of mighty armies; or how Franklin, the tramp printer, commanded the attention of crowned heads. And it makes the practical, common-sense farmer boy tired. He knows the world affords few opportunities for a Lincoln, and the exceptional achievements of a Lincoln make his own narrow sphere appear all the more circumscribed and sordid. He knows in his own crude, untutored way that it is not Lincolns, Grants or Franklins that the world needs in its every day work-a-day affairs, but common sense, practical, honest men who can make the most out of the commonplace opportunities circumstances have granted them. He knows his sphere; who is helping him to find his place of greatest usefulness therein?

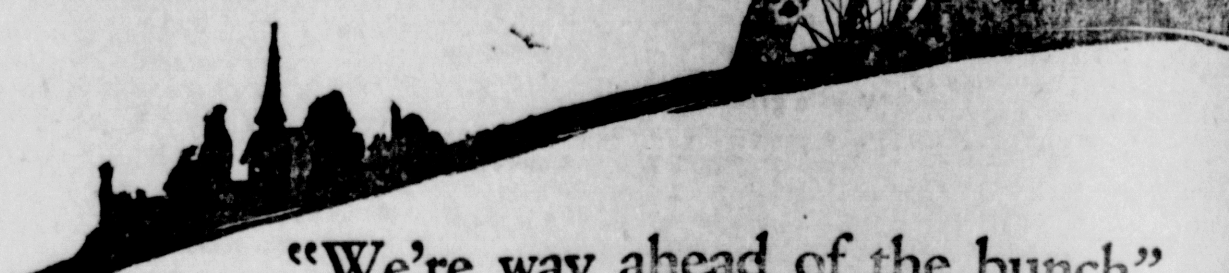

Well, let the boy who can not go to college be not wholly discouraged. We would not minimize the loss of the boy who can not go to college. We know what that loss is too well. But not all opportunities lie along the college route. A successful educator has recently said: "Many successful men have never been to college—they have escaped it. They have a vision of what they lost, and devote themselves incessantly through life to repairing their misfortune." In this way, their education becomes not an end but a means, and is progressive and cumulative. So whatever you may feel your loss to be, know this that no college can spoil whatever originality you may possess or hold a false mirror up before you to spoil the perspective of your young life. This same writer quoted above says: "Colleges, not infrequently, commit crimes. They turn the hopeful face of youth backward to the past. They tax life in the interests of tradition. They bind men to the obsolete, and leave them unequipped for the present." So be consoled with the thought that while no college may place an oar in your hand with which you may row, neither can it bind you, like a gally-slave, to some ancient or unseaworthy craft. You are free to pursue your own course, your limbs are unshackled; you are free to breast whatever waves you choose to ride.

Where the world needs one Lincoln it needs millions of men to play a none the less essential if humbler part. The world is rapidly approaching the time when the economic scales are about to topple from a safe balance between production and consumption. When the day comes that production can not keep pace with necessary consumption, hunger, famine and pestilence will stalk abroad and anarchy and chaos will reign where heretofore has been order and system and plenty's horn has been overflowing.

Leaders Needed.

The country needs rural leaders—men of mental vision and the courage of conviction. It needs men who can see the dangerous portent of the times and who can sound the clarion note of alarm. Such men must come from the ranks of the people; the colleges may shape and fit and polish them but they can not make them. Your successful rural leader—must matriculate in the school of experience; the "university of hard knocks" must be his alma mater. Men matters and morals

If you want to play a winner, sure thing—put your money on Chesterfield.

In less than three years, more than three million smokers have become Chesterfield fans.

And no wonder! Never were finer tobaccos used in any cigarette. The silkiest leaves of aromatic Turkish and the choicest of ripe, sweet Domestic stock are put together by an exclusive blending method that brings out a new deliciousness of flavor.

must be his studies; and of subjects he shall have a plenty.

So, to the young man who is denied a college career, let it be said; Do not think yourself deprived of a sphere. Rise up to the opportunity for leadership in your community, and your abilities, your talents will not have flowered in vain "to waste their sweetness on the desert air."

"But how shall I find my talent, how shall I cultivate this flower of promise while denied the education that leads out and develops the mind and fits one for leadership?" you ask.

"There are sermons in stones and books in running brooks." Cultivate an observant mind. See the things that are around you. Train your mind to analyze, compare and understand. This will atone for much loss of book training.

Read Books.

But books are cheap things at the present time—the cheapest things we have when one considers their intrinsic value. Poor and unfortunate indeed is he who nowadays can not have access to enough good books with which to cultivate and enrich his mind. Numerous free and circulating libraries can supply the most of us with what our purse can not buy. But it is better to own such as we can afford for ownership stimulates a love for and a pride in these silent but wholesome companions of our leisure moments. There was never a time richer in periodical literature than the present. And there are free bulletins, dealing with almost every conceivable subject, and especially with topics pertaining to the farm and to rural life, that can be had for the asking of your Federal Department of Agriculture at Washington, of your State Department of Agriculture at your state capital, of the Experiment Stations of the country and of the Extension Divisions of almost every large college. Of printed literature there is no dearth; select it with care, study it with diligence and apply its teachings carefully to the affairs of life and you can be a well-informed man.

But the informed man who can not use his information is a pitiable creature. He is like the miser who gathers together a chest of gold and starves because he can not eat it and will not use it. The thrifty man uses his gold and while serving humanity further enriches himself. So be not of that number who having knowledge have but a lumber room of a mind, cluttered up with useless and unusable materials. Make of your mind a busy workshop filled with just enough usable tools to meet the requirements and keep them burnished and sharp for constant use. The more they are used the more skillful you become in handling them and the more useful they become.

A Place For You.

There is room and opportunity in the open country—right where the young man who can not go to college finds himself—for the application of the abilities and talents with which he may be favored to a task worthy of the best of them. The schools have not as yet brought to the rural community the ability, the "how," to work together for the good of the community. "It is everywhere recognized that one of the principal difficulties of organization of the farming group in their own interest either for economic or social purposes," says a recent writer, "is their extreme individualistic tendencies, their inefficiency in the conduct of organizations and their suspiciousness of the motives of one another when they try to work together." The young man who will think not so much of personal success but more of community service, who will teach others by precept and example "the inherent worth of working for and with the community for the common good," and who will take the lead in actual organization of the community for social, intellectual and economic betterment will find a sphere of usefulness broad enough for the display of his best talents and a field from which the college graduate can not displace him or from among whose fruitful possibilities his own lack of

Will bring renewed encouragement.
Here is a case in point:

Mrs. X. Wantz, Hondo, says: "My
kidneys were disordered for sometime.
A dull bearing down pain appeared in
my back which greatly increased until
I had to give up. I couldn't stoop over
or straighten up again without se-
vere pain. I saw Doan's Kidney Pills
advertised and bought some at Martin's
Drug Store. From the start, Doan's
did me good and I gladly recommend
them to others."

(Statement given May 29, 1915)

On May 3, 1919 Mrs. Wantz said:
"I think just as much of Doan's Kid-
ney Pills today as when I gave my
former statement. I have had no oc-
casion to use them since, for the cure
they worked then has proven perma-
nent."

Price 60c, at all dealers. Don't
simply ask for a kidney remedy—get
Doan's Kidney Pills—the same that
Mrs. Wantz had. Foster-Milburn Co.,

BAPTIST CAMPAIGN COMES CHEAPLY.

Expense in raising the \$75,000,000
sought by the Baptists of the South
in their 75 Million Campaign will
amount to considerably less than one
per cent Dr. L. R. Scarborough, gen-
eral director, announces. This includes
the expenses of both the general head-
quarters and the eighteen state head-
quarters. This is probably the lowest
overhead expense in the history of
large money-raising efforts in this
country.

Habitual Constipation Cured in 14 to 21 Days

"LAX-FOS WITH PEPSIN" is a specially-

Constipation. It relieves promptly but

JUST SAW WOOD- AND SAVE!!

Saved in Nick of Time.

Many wonderful bargains are record-
ed in connection with old books. The
priceless Coverdale Bible in the Brit-
ish Museum library, for instance, was
bought by an amateur book collector
from a butcher who was delighted and
astonished on being offered ten shil-
lings for it. He was about to use its
valuable leaves to wrap up his meat.

"Inventor" of Pork and Beans.

An eccentric Englishman, Daniel
Day Good, is accredited with the in-
vention of pork and beans. The first
Friday in each July he would assem-
ble a party of friends under an oak in
the forest and feast them on bacon and
beans. From this festival grew the
popularity of the dish.

Concerning Names.

Said the observing cuss, "When an
actress starts out to make a name for
herself she has to think up a good one
to start with before she makes it."

English Surgeon in Civil War.

Sir Charles Wyndham, the famous
English actor, served as a surgeon in
the American Civil war.

Deadly Enemy of Mosquito.

The so-called "water dog" of the Pa-
cific coast of the United States is a
new five to eight inches long. Though
quite immune to natural enemies itself,
it destroys all mosquitoes within its
range, and in the experiments of Prof.
A. C. Chandler, of the Oregon Agricul-
tural college, a single individual may
devour 200 mosquito larvae in 4 hours,
besides killing as many more. This
harmless creature may be placed in
pools and streams where no fishes
could exist.

Wheat in History.

The Romans introduced wheat into
Great Britain. They did not have to
carry it far, because before they invaded
Britain they had conquered Gaul,
the France of modern times, and the
Gauls were growing large crops of
wheat when the Romans crossed to the
western islands. The Britons began to
grow wheat, and the Saxons continued
the work. Still, through the Middle
ages the breed of the poorer classes
was made of flour from the coarser
grains.

To Be of Influence.

If you can't swing things your way
in life the sensible thing is to swing
with things the way they are going. To
be sure you can just abruptly cut away,
but that leaves you out of touch with
things. It may be a relief to your con-
science to be beyond the reach of com-
promise. But you are also beyond the
reach of influence. You can not hope
to be able to mold character or even
contribute anything toward bending it.

Use Life's Powers Properly.

There is no wealth but life; life, in-
cluding all its powers of love, of joy
and of admiration. That country is
the richest which nourishes the great-
est number of noble and happy human
beings; that man is the richest who,
having perfected the functions of his
own life to the utmost, has also the
widest helpful influence, both personal
and by means of his possessions, over
the lives of others.—Ruskin.

Opposed Brothers' Church.

There were three of the Wesleys, al-
though only two of them had anything
to do with founding the Methodist
church. Sons of an English clergyman,
and well educated, they were all pious
men, but the older brother, Samuel,
took no stock in "Methodism." In fact,
he combated it, and wrote of it upon
one occasion as "a spreading delu-
sion."

Life Not All Chance.

Events are shapeless except as per-
sonality shapes them. Birth and death
and changing fortunes are common to
humanity, but what different individ-
uals make of them is a forever vary-
ing story. We cannot know what ex-
periences await us, but may know tol-
erably well, by what we are making of
ourselves, how we shall pass through
them.

Tested—3,000 Times

Would you purchase
an untested automo-
bile? Of course not!
Then, why should you
buy an untested pho-
nograph or talking
machine?

Of course all phono-
graphs and talking
machines are tested
mechanically, but how
many are tested music-
ally? Only one, and
that one is

The NEW EDISON

"The Phonograph with a Soul"

More than three thousand times the New Edison
has been subjected to the test of direct comparison
with the living artist and none of the two million
music lovers who heard these tests could dis-
tinguish the artist from the New Edison.

That is the musical test—the test that means
everything to the music lover.

Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything
you ever experienced! You never tasted such full-
bodied mellow-mildness; such refreshing, appetizing
flavor and coolness. The more Camels you smoke the
greater becomes your delight—Camels are such a ciga-
rette revelation!

Everything about Camels you find so fascinating is due to
their quality—to the expert blend of choice Turkish and
choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem
made to meet your own personal taste in so many ways!

Freedom from any unpleasant cigarette after-taste or un-
pleasant cigarette odor makes Camels particularly desirable
to the most fastidious smokers. And, you smoke Camels as
liberally as meets your own wishes, for they never tire your
taste! You are always keen for the
cigarette satisfaction that makes
Camels so attractive. Smokers real-
ize that the value is in the cigarettes
and do not expect premiums or cou-
pons!

Compare Camels with any ciga-
rette in the world at any price!

Camels are sold everywhere in scientifically
sealed packages of 20 cigarettes or ten pack-
ages (200 cigarettes) in a glassine-paper-
covered carton. We strongly recommend
this carton for the home or office supply

In the football game between the Hondo High School team and Uvalde team, played on the latter's gridiron Thanksgiving Day, the Hondo boys won by the one-sided score of 50 to 0. This makes three straight victories for the Hondo boys over the Uvalde boys during the football season.

In the basket ball game between the Hondo girls' team and the Uvalde girls' team, the contest resulted in a tie, the score standing 20 to 20 at the end of the game.

Those of our readers who came to know Mr. and Mrs. Mark Davis during their brief residence in Hondo, some five years ago, will be grieved to learn that Mrs. Davis died at their home in Caddo Oklahoma, August 5th, last. The news has just come to the editor of this paper in a letter from Mr. Davis. The deceased was a first cousin to the editor on his mother's side and married his first cousin on his father's side, being thus related to him in a double sense. Their former acquaintances here will join in sympathy for the bereaved husband and the two motherless children.

T. Montel Hopp arrived from Phoenix, Arizona, Thursday morning and is the guest of his sister, Mrs. Fletcher Davis. He will visit here for awhile, then go to Castroville for a visit to his sister, Mrs. Louis Scherrer, before returning to Arizona.

The Anvil Herald is indebted to Mr. and Mrs. Joe Haby of D'Hanis for a generous supply of roasting ears. With the splendid season that has continued throughout the year it was made possible to raise at least two crops of corn, as Mr. Haby has demonstrated, and if everyone had followed the example of Mr. Haby it would have enabled our farmers to somewhat recoup themselves from the practical failure of the cotton crop.

THIS IS THE RED CROSS CHRISTMAS SEALS GIRL

BEVERLY HAYES
Beverly Hayes says: "Buy Red Cross Christmas Seals. They protect little children from the ravages of tuberculosis. They build a barrier of health about the workers of the nation. They protect homes—your home. They spell hope, assurance and physical and economic rehabilitation to more than one million people in the United States who have tuberculosis. If you purchase enough Red Cross Christmas Seals, the death rate of this dread plague will be materially reduced.
"Last year 150,000 people fell victims of the disease. Twelve thousand of these were little children. Think of it! This death toll is needless. If we all do our part in the sale this year, next year's death rate will be small. It will be reduced year by year until eventually tuberculosis has passed into the oblivion which has already engulfed smallpox, leprosy and typhoid fever."

Lacemaking in China.
Foreign missionaries in Chefoo, Shanghai, Foochow, Amoy and Swatow have introduced lacemaking among the Chinese women, and considerable lace has been exported from time to time. Silk, linen and cotton thread is used in Chefoo, and linen and cotton in the other places. The lace is made more cheaply than is possible elsewhere because of the low wages paid in China, but a lack of enterprise in changing patterns to meet changing tastes and fashions abroad prevents the industry from assuming larger proportions.

St. Botolph's Town.
Boston or St. Botolph's Town is a seaport in Lincolnshire, England, on the River Witham, and four miles from its mouth, with a wharfage of 2,330 feet. In the days of the Plantagenets it was one of the chief British seaports, but the silting in of the river has been an obstacle to its growth of late years, almost continual dredging being necessary to keep a passage to the sea, even for small vessels. Its church tower, St. Botolph's, is a well-known conspicuous landmark, depended upon also by mariners at sea.

Issuing an "Extra" in Bano.
The editor of the Bano Daily News (Africa) does not have to trouble over such matters as circulation or the high cost of paper. When he gets a piece of news, he smooths off some slabs of wood, writes up the story in his best editorial style, and then gives the slabs to his office boy, who runs off with them and hangs them in conspicuous places so that he who runs may read.

Good Taste.
Good taste is the conscience of the mind. Lowell's definition is compact of thought and is worth dwelling upon. Good taste is a trait we all agree in valuing, though its meaning as a rule is rather vaguely felt; we urge its cultivation and admire its exercise but the quality itself is generally less analyzed than desired.—Hartley Alexander.

Floor-Crack Filler.
This is made from one pound of flour rubbed smoothly in a little water. Add three quarts of boiling water and set on stove. Stir in one tablespoonful of powdered alum, together with bits of torn newspapers, and cook until the mass is smooth and thick as putty. Use to fill the gaping cracks between the boards of old floors.

"What's in a Name?"
The French island of Reunion has changed its name four times in 50 years. In 1793 it was Bourbon, as it had been for a century and a half, but the convention changed it to Reunion. Under the empire it became Isle Bonaparte; at the Restoration it reverted to Bourbon. Finally, in 1848, it became Reunion once more.

History and Material Wealth.
It is time we remembered that history does not concern herself about material wealth—that the life-blood of a nation is not that yellow tide which fluctuates in the arteries of trade—that its true revenues are religion, justice, sobriety, magnanimity, and the fair amenities of art.—Lowell.

Got It Printed.
"So, you got your poem printed?" "Yes," replied the author. "I sent the first stanza to the editor of the Correspondence Column with the inquiry, 'Can any one give me the rest of this poem?' Then I sent in the complete poem over another name!"

Practice Cheerfulness.
A sunny, cheerful view of life, resting on truth and fact, co-existing with practical aspiration ever to make things, men and self better than they are—this is the true, healthful poetry of existence.—Robertson.

Really a Cut Price.
Charles had just been vaccinated, and as a reward for his bravery the doctor gave him a quarter. "Thank you for the quarter," said Charles, winking back his tears, "but it was worth a dollar."

Honesty First Requisite.
It would be an unspeakable advantage, both to the public and private; if men would consider that great truth, that no man is wise or safe but he that is honest.—Sir Walter Raleigh.

For Hoarseness.
Hoarseness can be relieved by mixing one teaspoonful of glycerin to the well-beaten white of an egg, the juice of one lemon and enough sugar to make it palatable.

Most Valuable Diamonds.
Diamonds are found with a wide variety of coloring but those that are virtually colorless but which are spoken of as being blue-white are most valuable.

Simple Duty.
What does a man more than his simple duty in coming out for the right? Besides is it any sacrifice to be in the right?—Lowell.

Optimistic Thought.
One sand grain of time is worth a mountain of gold.

Methodists Save Belgian and Serbian Orphans

Southern Church Buys Homes in Brussels and Belgrade and Supports Serbian Refugees in England.

Nashville, Tenn. — The Centenary Commission of the Methodist Episcopal Church, South, will specialize in caring for the children of Belgium, Serbia and other stricken countries of Europe, according to an announcement made by Dr. W. B. Beauchamp, the director-general. Dr. Beauchamp and a Church Commission have just returned from Europe.

For this purpose a large home, formerly a famous boys' school, has been purchased at Uccle, a suburb of Brussels. Several hundred children can be accommodated in this building, and the Methodists will assume entire responsibility for them and their future.

Another home has been bought at Belgrade, Serbia, and here the underfed orphans of the Southern Slavs will be given medical attention and cared for. A staff of women physicians, secured from Scotland, will be in charge of this home.

Still another orphanage has been taken over at Faversham, England. This home already contains more than a hundred Serbian children, orphaned refugees who were taken from their homes during the Austrian invasion.

Plight of Children Deplorable.

"One can scarcely imagine the plight of the Belgian and Serbian children," declared Dr. Beauchamp. "The mines of Northern France have been flooded or filled with concrete by the Germans, and thousands of children will literally freeze to death this winter."

"I have seen them living in the old trenches and dug-outs left by the enemy, with little to eat save what is gathered from the passers-by."

Relief stations will be established as quickly as workers can be obtained and supplies sent. These will be at Brussels, Ypres, St. Quentin, Montdidier, Belgrade and other centers.

The Centenary Commission is seeking for two young physicians, eight nurses, a dozen women social workers, and a number of superintendents and directors to reinforce the belief staff. These will be sent abroad at once.

The Church has a fund of \$5,000,000 for this purpose. It is a part of the \$53,000,000 fund which was raised in the recent Centenary Drive.

SHOULD REFER TO THE PAST

Word "Experience" Is One That Is Frequently Misused Even by Writers of Note.

The meaning and uses of the word experience is discussed in this manner by Archbishop Whately in his well-known work, "Elements of Logic": "This word (experience), in its strict sense applies to what has occurred within a person's own knowledge. Experience in this sense, of course, relates to the past alone. Thus it is that a man knows by experience what sufferings he has undergone in some disease; or, what height the tide reached at a certain time and place."

"More frequently the word is used to denote judgment which is derived from experience in the primary sense, by reasoning from that, in combination. Thus a man may assert, on the ground of experience, that the tide may always be expected, under such circumstances, to rise to such a height."

Strictly speaking, this cannot be known by experience, but is a conclusion derived from experience and other data. It is in this sense only that experience can be applied to the future, or, which comes to the same thing, to any general fact."

Queer Burial Custom.

Among the Indians of Alaska living along the rock-bound coast of the Bering sea many old customs prevail, and it is still believed that when a man dies he must pass forward through four successive stages before he reaches heaven. Thus his mourners and family must spend four days and nights in chanting songs or telling of his virtues and must eat only the foods of which he was fond. At the end of that time the body of the dead man is wrapped into a bundle and is hauled up through the roof by strong ropes that the corpse may not pass through any door used by the living. Cremation follows and the ashes are put into a bag and stored in the great wooden chests which fill the family "grave house."

In the old days these ceremonies of those four days were very elaborate, and the songs and chants used striking in their solemnity. Now, however, much has been modernized, but they still dislike the thought of entering a door through which a body has been carried.

Nashville, Tenn.—Plans for an evangelistic movement which will cover the entire South and operate in 20,000 churches at the same time are being formulated by the Centenary Commission and the evangelistic committee of the M. E. Church, South.

Bishop U. V. W. Darlington is the chairman of the joint directing committee and Dr. O. E. Goddard is the executive secretary.

WOULD JUST SIT AND CRY, SHE SAYS

Mrs. R. L. Moore Was On Verge Of Nervous Prostration — Gains Twenty Pounds.

"Before taking Tanlac," said Mrs. R. L. Moore of 1615 Elmwood street, Kansas City, Mo., in a statement, recently, "I was so nervous, miserable and despondent that I would just sit and cry."

My appetite left me nearly two years ago," she explained, "and my stomach got in such a bad fix that I could not eat anything but what would ferment, causing gas and intense pain. I was constipated all the time and my head ached so bad that I had to use ice on it to relieve the pain. My condition was so bad for months before I began using Tanlac that I was unable to be up, much less do my house work, and I believe I was right on the verge of nervous prostration. I could hardly sleep and no one will ever know how miserable I did feel, because I just can't fully describe it."

"A friend of mine got after me to try Tanlac, but I refused at first, because I had tried everything else and had lost nearly all hope of ever getting well. But she insisted until I made up my mind to try it and before finishing the first bottle I was so much better that I got another and kept on taking it with perfectly wonderful results. I can eat just anything now without the least trouble afterwards and I have actually gained twenty pounds in weight. I have been entirely relieved of headaches, nervousness and everything and can sleep every night as sound as when I was a child. The work in my seven room house is easy for me now, for I am feeling just fine. Now this is just what four bottles of Tanlac did for me and I certainly do think it is the grandest medicine in the world."

All druggists sell Tanlac.

IF THE EPISCOPAL CHURCH EVER WAKES UP, LOOK OUT SATAN!—"BILLY" SUNDAY

And Now "The Episcopal Church is Awake" Says Dr. Stires, Eminent New York Divine.

"If the Episcopal Church ever wakes up—look out!"

Crouching grotesquely, his face close to the platform, shaking his fist in the direction of the nether regions, "Billy" Sunday, the Baseball evangelist, once hurled this warning to the Evil One, while thousands, crowded into a great tabernacle, watched.

"That moment is near—is here!"

This is the answer to "Billy" Sunday's implied challenge. It comes from the Rev. Dr. Ernest M. Stires, rector of St. Thomas' Church, Fifth Avenue, New York; and one of New York's most noted preachers. He is a member of the Joint Commission directing the Episcopal Nation-Wide Campaign, and director of the Every Name Campaign, in New York.

A campaign to raise \$22,000,000 in the Episcopal Church in one day—December 7; to recruit 1,500 new workers; to rouse every member to help the Church play its great part, greatly in this age of reconstruction by expanding every phase of its activity in the next three years—upon this, which is the purpose of the Nation-Wide Campaign, Dr. Stires bases his answer to the evangelist.

In effect, Dr. Stires says to the world:

"The Episcopal Church is awake." "The Nation-Wide Campaign is urgent," says Dr. Stires, "because of the greatness of the need of this hour. I speak not of the missionary needs of the Church, but of the needs of all the world. The Church holds a position of power and influence. It must use its power to meet these needs. For the suffering, injustice and wrong of the past is still here today, crying out to us. Children are still being slain by cruel Herods."

"Roger W. Babson states that the labor problems of our time can only be

solved by the teachings and the spirit of Christ; that the need for America is not for more machinery in the organization of capital and industry, but for the spirit of true religion in the hearts of the people.

"The zero hour is here for us of the Church, the hour of the Nation-Wide Campaign"

A Good Cough Medicine for Children.

Mrs. J. W. Phillip, Rebon, Ga., phoned to J. M. One of the prettiest weddings of the autumn season, was that of Mr. Paul Kempf and Miss Florence Biediger, which took place Tuesday morning at 9:00 o'clock in the Catholic Church. The ceremony was performed by Rev. A. Heckman.

To the strains of a beautiful wedding march, the bridal party entered the church. The bride entered on the arm of Mr. Alfred Kempf and the groom with Miss Lenora Biediger, then came Harry Hans and Miss Clara Biediger, Lee Mangold and Miss Martha Kempf.

The bride was beautifully gowned in silk georgette crepe, trimmed with beads and lace. She wore a beautiful wreath and veil. The large bouquet, that she carried, was of white chrysanthemums and lace ferns. The bride's maids were all dressed in white satin and each carried a bouquet of pink roses and fern.

After the ceremony at the church, the bridal party repaired to the home of the bride's mother, Mrs. Rosa Biediger, where a reception was held.

HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Tou-palik, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief.

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

Oppelt-Newman.

A wedding of much interest to the people of Castroville, occurred Monday morning, when Miss Maud Newman was given in marriage to Mr. Willie Oppelt.

Promptly, at 9:30 o'clock the bridal party entered the St. Louis Catholic Church, to the strains of a beautiful wedding march.

The bride entered on the arm of her brother, Albert Newman, then came the groom with Miss Ethel Zoller, followed by the ring bearer, little Miss Bernadina Holzhaus; immediately after her came Mrs. R. M. Lowell, as matron of honor, and remaining attendants, Miss Alice Geant and Robert Burrell, Miss Edna Sittre and Archie Jagge.

After Rev. A. Heckman read the impressive ceremony, the bridal party repaired to the Cottage Hotel, where a dinner was served.

The bride's costume was of silk georgette trimmed in beads, lace and ribbon. She wore a wreath and veil and carried a shower bouquet of white cornations combined with lace ferns. The matron of honor wore a dress of blue satin and georgette. She carried a bouquet of chrysanthemums. The ring-bearer was dressed in white with ribbon bows bobed hair. The dresses, of the bride's maids, were of crepe de chine and georgette. Their bouquets were of chrysanthemums and ferns.

Mr. Oppelt is a young man of sterling qualities, while the bride is one of Medina County's most charming daughters. A grand dance was given at night in their honor.

Mr. and Mrs. Oppelt will make their home near Noonan.

What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar.

Sheller at Biry and Black Creek.

Emil Biry was in town Friday again with corn, bringing 40 to 50 bushels shelled corn to the lead, for which they were getting \$1.30 and saving the shucks. John Neuman of Hondo was operating a big sheller at Biry and will move down in a few days to the Keller farms. He charges 4 1/2 cents and the farmers save not only the shucks and the hauling but get several cents more for their corn. Emil went two years on the News.—Devine News.

INDIGESTION

If you are ever troubled with indigestion, Chamberlain's Tablets will do you good. They strengthen the stomach and enable it to perform its functions naturally. There are hundreds of people who have been restored to health and happiness by the use of Chamberlain's Tablets. When you feel dull and languid after eating you may know that your digestion is faulty, unless you have eaten more than you

should. Belching, sour stomach and bloating are symptoms of indigestion and are relieved by taking Chamberlain's Tablets as directed. Indigestion is usually accompanied by constipation and is aggravated by it. Chamberlain's Tablets cause a gentle movement of the bowels, relieving the constipated condition. Chamberlain's Tablets are also most excellent for biliousness. Sold everywhere at 25c.

C. D. Conley, a former Floresville boy who has been making his home at Corpus Christi for several years, spent several days here this week in interest of the San Antonio Light with which publication he is temporarily connected. Mr. Conley was a victim of the terrible storm and lost his wife and his six year old daughter in the horrible disaster. His business was also completely demolished as was his nice home on North Beach. He informs us that he intends locating at Cleburne in the near future. The young man's many Floresville friends deeply sympathize with him in the sad misfortune which befell him.—Floresville Chronicle-Journal.

Only A Cold.

Are you ill? Is often answered—"Oh! it's only a cold," as if a cold was a matter of little consequence, but people are beginning to learn that a common cold is a matter not to be trifled with, that some of the most serious diseases start with a cold. As soon as the first indication of a cold appears take Chamberlain's Cough Remedy. Remember that the sooner you get rid of your cold the less the danger, and this remedy will help you to throw it off.

Several thousand of General Yudenitch's troops are said to have deserted to the bolsheviks, but several thousand bolsheviks deserted to the Yudenitch outfit, so being Russians, perhaps all of them are satisfied.

For our part, being humane, we would as soon see the coal miners starve as to see the rest of us freeze to death.

No matter how much a man grouches over the price of butter, he would rather pay taxes on a cow than milk her.

This Means You.

When you get up with a bad taste in your mouth, dull tired feeling, no relish for food and are constipated, you may know that you need a dose of Chamberlain's Tablets. They not only cause an agreeable movement of the bowels, but cleanse and invigorate the stomach and improve the digestion.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Health About Gone

Many thousands of women suffering from womanly trouble, have been benefited by the use of Cardui, the woman's tonic, according to letters we receive, similar to this one from Mrs. Z. V. Spell, of Hayne, N. C. "I could not stand on my feet, and just suffered terribly," she says. "As my suffering was so great, and he had tried other remedies, Dr. — had us get Cardui. . . I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

CARDUI

The Woman's Tonic

She writes further: "I am in splendid health . . . can do my work. I feel I owe it to Cardui, for I was in dreadful condition." If you are nervous, run-down and weak, or suffer from headache, backache, etc., every month, try Cardui. Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

Mrs. Mollie Hans Entertains.

One of the enjoyable occasions of the week, was a miscellaneous shower given Sunday afternoon by Mrs. Mollie Hans in honor of her niece Miss Lorine Wernette, a bride of the week.

At 3:00 o'clock the guests began to arrive and at 3:30 the bride-to-be, who had been out for a car ride, arrived. A greater surprise was never seen on the young lady's face before.

Immediately after she had taken her seat in the room, little Misses Aline Hans, Mamie Halberdier and Madelin Keller entered the room with two large baskets trimmed in blue and white and filled with the most beautiful gifts.

The music room was beautifully decorated in blue and white. In the center of the ceiling was caught a large hoop and around this hoop was hung a mass of little white bells and in the center of the hoop was a large white wedding bell. On the table just beneath the bells was a large urn which held a basket made of white chrysanthemums and ferns. In the handle of the basket was a bell which attracted much attention.

After the bride had admired her beautiful gifts, she was led into the dining room which was decorated in ferns and pot plants and on the table were six large vases of white chrysanthemums and ferns.

Mrs. Hans, assisted by Mesdames Emil Halberdier, Jos. Hans, Gus. Keller and Rosa Biediger, served hot chocolate and different kinds of cakes and fruit.

The invited guests were: Misses Lorine Wernette, Theresa Hans, Florence and Nora Biediger, Clara Biediger, Patricia FitzSimon, Florence Scherrer, Rosa and Florence Mangold, Fannie Bourquin, Alice and Carrie Brieden, Bertie Lamon, Lorentina Rihn, Martha Kempf, Elsie Ahr, Lorine Pinn, Clara Jungman, Bertha Ahr, Olga, Hattie and Cecelia Draitcourt, Lenora Martv, Dolphia Haby, Cecelia Steidle, Alice Rihn, Francis Burrell, Lorine Guff, Mesdames Mollie Hans, Gus. Oil Well Flow Increased.

An electrical method of carrying warmth to the bottom of oil wells has been found in many cases greatly to increase the flow of oil, according to Popular Mechanics magazine. The heating process decreases the viscosity of the oil, usually occasioned by the admission of air to the well and the cooling of the rock bed. Minute crevices and capillary channels which afford easy passage to warm thin oil become quite impassable if the oil gums.

Livingstone Memorial.

One of the most curious memorials of Livingstone is the "Name Tree," near Victoria falls, on the Zambesi. On the trunk Livingstone cut his initials and the date 1855 on the day of his first visit to the falls. In his book, giving an account of this, Livingstone says: "This was the only instance in which I indulged in this piece of vanity."

Auto Service in Porto Rico.

Porto Rico is about 100 miles long by 40 miles wide, and autobus lines furnish satisfactory service in covering the parts of the country where railways are not available. For the benefit of tourists and others a daily automobile service connects San Juan, on the north, with Ponce, on the south of the island, a run of five hours.

Painful Insinuation.

Little six-year-old, to young aunt showing him a family portrait: "What a funny way that gran'pa is dressed, auntie!" Auntie: "That is the way gentlemen dressed more than a hundred years ago." Six-year-old: "And when gentlemen dressed that way what did you wear?"

Forbearers of the Seal.

It is a curious fact that the fur seal was once a land animal. The baby seals are actually afraid of water; they would drown if thrown into it, and have to learn to swim by repeated efforts. When once they have been taught to swim, however, they soon forget to walk.
